75	09/10/2017 15:30	An Other	2	<p>S arrived home from school with a torn shirt and mud on his uniform. He was upset when I asked him about it. He told me a group of boys from the year above had jumped on him in the morning break and had taken his lunch money and his watch. They'd looked at his phone but hadn't taken it as it was 'a shit'</p> <p>know the boys names but one of them has a dad who owns a shop. I said I would ring the school but he asked me not to and said it would make things worse. The impact rating I give relates to S. - Impact 2</p>

78	26/10/2017 04:00	An Other	1	<p>I asked S what he's had for lunch today and he was vague and tried to change the subject. Then he said he'd not had anything and had felt sick. I said he could use the money I'd given him for tomorrow's lunch and he was panicky. He firstly said he'd lost it then that he'd been giving the money to the boys who'd been bullying him. He'd been doing that every day. They said they'd beat him up if he told anyone. They were doing it to lots of the children. Once again he asked me not to complain and I said he could have the money for tomorrow but we'd have to decide what to do at the weekend. S was very nervous about what might happen. He told me who else in his class was handing over money. It's H, M and P. - Impact 1</p>

84	09/11/2017 17:00	An Other	3	S had been on a school trip with his class from Monday. He returned to school today. He was met by the same group of boys who demanded his money and ripped up his homework. They pushed him to the ground when he said he didn't have anything. One of the boys searched his pockets while the others held him down. They broke his phone. He hadn't reported it and didn't want to. He was asking if he could change schools and said he was frightened. The teachers wouldn't do anything and he'd be beaten if he told on them. He's terrified and doesn't want to go to school. Other children feel the same. - Impact 3

76	09/11/2017 21:00	An Other	0	After S was in bed I rang some of the other parents to ask if they'd had any problems with their children being bullied in S's class. 2 hadn't Mrs G mother of F had a similar problem with B last week. He'd had £5 taken from him and his phone which was nearly brand new. She gave me the names of the boys he'd told

				her had done it. It's X,Y and Z. X is the ringleader. His dad has the fish and chip shop in the High Street. She'd telephoned the school to report it and they'd said they would look into it but she'd heard nothing further. Mrs D said she'd seen a couple of boys round a younger boy as she went into the school last week and they'd run off as she approached them. Mr A said we should get a group together and keep records of what's happening as his daughter was having problems with a girl who'd threatened her in the playground when she'd refused to steal a dress from a shop for her. - Impact 0

77	10/11/2017 09:00	An Other	0	I rang the school and asked for their bullying policy to be sent to me. The person I spoke to Miss D said she didn't know but would ask and get back to me. No return call. - Impact 0
