22	31/10/2017 17:30	An Other	2	I left work and saw a customer who'd visited the office today outside hanging around. He'd been staring at me earlier when he was waiting in the reception and I'd felt uncomfortable. He asked me my name and what my job was. He went to his car as I left the car park. He got into a black VW golf as I drove off. I think the same car went slowly along the road after I'd got home. It passed as I was unlocking the front door. I feel nervous about it. - Impact 2

23	01/11/2017 13:00	An Other	2	Marie the receptionist told me that the customer who'd been talking to me yesterday (called DA) had telephoned this morning and was asking about me. At first she'd thought he was just 'being nosey' as he'd wanted to ask me out but then he'd asked lots of personal questions and had been very bullying when she'd stonewalled him. She said she was upset and I should 'be careful' - Impact 2

24	02/11/2017 17:00	An Other	3	I left work and saw the golf car outside but thought there was no one in it. As I stopped at the junction though I saw the car was in the queue behind. I drove off at speed and didn't go home. I felt too nervous to go back as I would be on my own. I stayed at my dad's for a couple of hours and he came back with me to check the car wasn't outside. I felt really anxious. - Impact 3

25	02/11/2017 23:30	An Other	2	My mobile rang and I answered it. No caller ID. I think there was someone on the line but no one spoke. It unnerved me. It's never happened before but I don't know how anyone would get my number. - Impact 2

26	04/11/2017 10:00	An Other	3	I was shopping in Next on my own trying on some clothes when I suddenly caught sight of DA in the distance. He was watching me. He saw that I'd seen him and came over. He asked me out for a drink. I said no and said I knew he'd been following me. He said I was 'mad' to say that and he'd just bumped into me by chance. I told him to stay away from me. He laughed and walked off calling me a 'bitch' - Impact 3

27	07/11/2017 10:00	An Other	3	One of the girls at work said DA had come into the office this morning and asked to see the boss. She overheard DA telling him that I'd been rude to him and was 'making up stories about him' after he'd challenged me about it. I'm getting really worried. I spoke to the boss who said I'd better not be rude to DA as he was one of the biggest customers. I told the boss DA had been following me but he said not to make it worse for myself. - Impact 3

28	09/11/2017 17:30	An Other	1	I didn't drive to work today but asked my dad to collect me. I left by the front entrance. Marie saw the golf car outside the car park with DA in it waiting. She has taken a photo of it and got the registration number. He was hanging around and drove off after about 30 mins. - Impact 1

29	11/11/2017 11:00	An Other	3	I went shopping with Lisa as I didn't want to be on my own. I'd seen the golf car outside in the street yesterday at about 7 pm. It had gone 10 mins later. We were having a coffee sitting by the window and DA was outside. I was pointing him out to Lisa and he stormed in saying couldn't he go shopping without being 'harassed'. He said I'd got it in for him and he would get me sacked. Lisa said he was a liar and DA exploded calling us both 'mad slags'. He raced off. I'm really worried what he will do next. Lisa is going to come with me to the police tomorrow to report it.
